

ALM POSITIONERS

KEY FEATURES:

- + 3 axes of motion with 36-92" of vertical elevation
- + 360° rotation off the headstock
- + 360° rotation on the hook or backbone
- + Allows positioning in confined spaces to be moved while loaded

3-AXIS SKYHOOK & DROP CENTER POSITIONERS

PRODUCTIVITY, **MEET FLEXIBILITY.**

Made in the U.S.A.

LOADING CAPACITY:

3,500 – 12,000+ LBS.

3-Axis positioners utilize center of gravity part locations and 3 axes of motion to bring big productivity to small workspaces.

Not only that, but it's all backed by our industry-leading warranty and proudly built with made-in-the-USA quality from the start. Designed to improve safety, ergonomics, and efficiency, our skyhook positioners are sure to maximize productivity and flexibility.

CONTROL PLATFORM OPTIONS:

NON-PROGRAMMABLE

Our standard control platform features manual elevation and rotation controls for heavy, demanding jobs.

PROGRAMMABLE

Take your quality control up a notch with our one-touch automated positioning for maximum operator efficiency and process conformity.

INTEGRATOR

Bring automation to your positioning solution with our integrator model, built with the hardware you need, and nothing you don't.

YOUR HEAVY-LIFTING LINEUP:

3-AXIS SKYHOOK & DROP CENTER

Skyhook positioners provide flexibility and unlimited productivity. Combined with ALM Positioners' tooling and integration partnerships means you get a total turnkey solution for your operation.

Elevating Skyhook

Designed for smaller weight capacities from 3,500-12,000 lbs., the elevating skyhook positioners are best for applications in a confined space that require an additional rotational axis complementary to elevation and tilt.

Drop Center/Headstock & Tailstock

For applications requiring an additional axis complementary to elevation and tilt. This solution has a higher weight capacity (10,000+ lbs.) than the single-column 3-axis Skyhook that requires a tailstock.

COMPLETE DEDICATION. COUNT ON IT.

ALM Positioners is dedicated to providing complete customer satisfaction. That means meeting our customers' goals by delivering solution-based intelligent positioners with a service experience that is second to none.

READY TO GET TO WORK? So are we.
