## PREVENTATIVE MAINTENANCE SERVICE

**25 POINTS OF INSPECTION, UNLIMITED PEACE OF MIND.**

Made in the U.S.A.

Trust ALM with your preventative maintenance planning to maximize productivity, reduce your chances of downtime and assure the safety of your system for years to come. Our positioner technicians are ready to complete a 25-point inspection to enhance performance.

**Recommended yearly!**

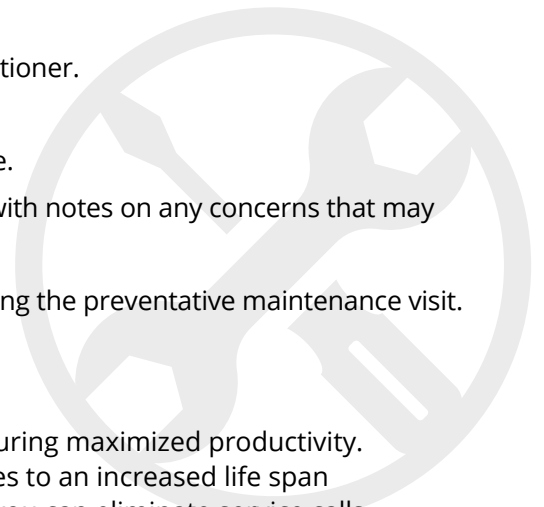

### **25 point Preventative Maintenance Service includes:**

- + Inspection of the structural, electrical and safety systems of your positioner.
- + Grease of all rotational points.
- + Inspection of lift function and grease column if needed and accessible.
- + Receive an end-of-visit report with an inspection sheet for each unit with notes on any concerns that may need to be addressed.

**PLUS!** Receive a 10% discount on parts purchased for 12 months following the preventative maintenance visit.

**INVESTMENT:** Time, expenses and materials

**BENEFITS:** Our start-up services focus on your unique settings, ensuring maximized productivity. Not only will you gain efficiency, but proper use of the system correlates to an increased life span of the components of your positioner, leading to long-term ROI. Now, you can eliminate service calls after installation and empower your skilled labor with our expert technicians from the start.

## PREPARING FOR YOUR MAINTENANCE VISIT

We work quickly and efficiently to ensure minimal interruptions. To make the process as quick as possible, we'll ask you to provide:

- Access to the positioner(s) to perform the functions needed for the required maintenance.**
- Lift management devices.**
- Removal of tooling to provide access to grease points, if needed.**
- At least one staff member available to address needs that may arise.**
- Notification of the required PPE and any safety training requirements for your facility.**

### COMPLETE DEDICATION. COUNT ON IT.
